On the Spot Reward Issuance Process

Online Map Evaluation

Map Evaluation – Online and Print Formats

Next Steps:

1. Develop connectivity between General Services and Transportation to access network files
2. Clearly define roles and responsibilities of General Services and Transportation in map process
3. Staff training and competency with ArcGis software
4. Assess impacts on other map formats (i.e., Mail & Document Services print map)
5. Continue map testing and transferability – develop samples for Senior Manager review
